2014
25th Initiation Ceremony

Some Milestones Along the Way....

The UB chapter hosted the 25th induction ceremony in May 2014. We had Professor Gradinsky as the guest of honor for this special event. Professor Gradinsky was the chairman of the Electrical and Computer Engineering Department at UB in 1988-98, the year. Then the Computer Science and Engineering department was formed in 1997 and he was the chairman until his retirement in 2011.
