UPE NewsBrief – **Scholarship Awards** – September 2015

2015 Scholarship Awards - Each year the Executive Council of Upsilon Pi Epsilon evaluates a large number of scholarship applications from students at both the undergraduate and graduate levels. All scholarship applicants are required to complete a comprehensive application form including a statement on their long-term plans for the profession, a summary of their contributions to their respective UPE chapters and related student activities at their college or university. Applicants are also required to submit all college-level transcripts and a recommendation from the UPE faculty adviser. Council is pleased to present our list of Scholarship Awards for 2015.

UPE Named Scholarship Awards – These awards are named in honor of two UPE pioneers. Dr. Dan Drew was the principal adviser to the six CS students who are credited with the founding of UPE at Texas A&M University in 1967. Dr. Jim Nolen started the UPE chapter at Baylor University and was a significant contributor to student-related activities of the ACM.
