Upsilon Pi Epsilon

THE INTERNATIONAL HONOR SOCIETY FOR THE COMPUTING AND INFORMATION DISCIPLINES

August 2009

Preamble

Upsilon Pi Epsilon (UPE) was founded as an honor society at Texas A&M University in 1967, at the request of the Computing Science students. SECTION 2. Chapters may hold as many elections and initiations each year as may be deemed expedient by the Chapter Officers and the Committee on Eligibility.

SECTION 3. Eligibility of UPE Member Candidates

(a) The basis of eligibility shall be primarily the scholarship rating of the candidate, which shall be determined by averaging scholastic grades on a credit-hour basis and computed in terms of grade points as prescribed by Bylaw VII provided, however, that if a Chapter employs a method of computing the scholarship rating other than that prescribed in Bylaw VII, the rating shall be equivalent to at least 3.0/4.0 as herein provided.

(b) Candidates for student membership in UPE shall be chosen from those who are pursuing degrees in the computing and information disciplines.

(c) Undergraduate Students. To be eligible for election to membership, undergraduate students must rank in the upper 35% of the class and shall have attained a general scholarship rating, in all college work thus far completed, of not less than 3.0/4.0 grade-points provided (1.) that candidates in any particular academic level who satisfy the requirements of Article VIII, Section 2, (2.) that the candidate shall have completed at least 45 (Forty Five) semester hours of college work including fifteen (15) semester hours or twenty-three (23) quarter hours in the basic courses in the Computing and Information Disciplines to be eligible under this Section. The Chapter shall have the right to set any limit above this minimum attainment as a basis for eligibility.

(d) Undergraduate transfer students. Undergraduate upper-division students transferring to the Chapter location from another institution must rank in the upper 35% of the class and shall have been in residence at least one year at the Chapter location at the time they are considered for election unless they transfer at the beginning of their senior year, in which case they may be considered for election after one semester (or two quarters) of residence. In such cases the scholarship rating shall be computed on the basis of only those courses of college grade, which shall include some basic courses in the Computing and Information Disciplines taken at the institution where the Chapter is located, and the minimum scholarship rating shall be 3.0/4.0 grade points provided, however, that the candidate shall have completed at least fifteen (15) semester hours or twenty-three (23) quarter hours in the basic courses in the Computing and Information Disciplines to be eligible under this section. The Chapter may set any limit above this minimum as a basis for eligibility. In case the undergraduate transfer came from an institution where there is a Chapter of Upsilon Pi Epsilon inquiry should be made of the Chapter as to the reason for his/her failure of election to membership at that institution. (See Bylaw VII, Section 5)

(e) Graduate Students. In order to be eligible for election such graduate students shall have been in graduate residence at the current institution at least one semester (or two quarters) and shall have completed at least one-half of the number of semester-hours of graduate work normally required for the master's degree, with a scholarship rating of at least 3.5/4.0. (The foregoing shall constitute the basis of computation, irrespective of the graduate degree sought by the candidate.) A student in the process of completing the above requirements may be elected to membership in the second semester or third quarter providing the Chapter Committee on Eligibility shall have reasonable assurance from the candidate's instructors and research director that his/her scholastic standing is above the minimum requirements of UPE. The Chapter shall have the right to set any limit above this minimum as a basis for determining eligibility. The scholarship record may be supplemented by information from the candidate's director of research as to the quality of his performance, if such research is already in progress. A student who was

invited to join UPE as an undergraduate may be re-invited as a first semester graduate student if his undergraduate scholarship rating was at least 3.5/4.0.

(f) This section applies to graduate students who did not qualify as undergraduates, either at the institution where they are now registered or at some other institution where a Chapter of UPE is located; also to those who have done graduate work at another Chapter location. The requirements as to the major subject, and the quantity and quality of academic course work accomplished by the candidate shall be the same as those set forth in the preceding paragraph. The Chapter shall have the right to set any limit above this minimum as a basis of determining eligibility. In all cases of this kind the Committee on Eligibility should make inquiry of the Chapter at the institution previously attended as to the reason for his failure of election to membership at that institution (see Bylaw VII, Section 5).

(g) Faculty. (1.) This section includes persons specified under Article VIII, Section 2.3 of this Constitution who are members of the faculties of programs that are related to the Computing and Information Disciplines or other allied computer fields. (2.) In order to be eligible for membership, such faculty members shall have been in full time employ of the current institution for at least one-half year and in responsible charge of some of the undergraduate or graduate courses or important research work of the institution. (3.) Eligibility of a faculty member shall be based mainly upon his/her present achievements as denoted by his/her degrees, rank, publications, high standards of scholarship maintained in classes or research work, honors and membership in other societies, and potential future interests in our Association.

(h) Students of neighboring schools. Eligible students from a neighboring institution may be elected to membership in a Chapter of UPE under the following conditions: (1) the institution must meet all requirements for establishment of a Chapter (Article II, Section 1) with the exception of having a sufficient number of eligible students to support an active Chapter; (2) the candidates must meet the same eligibility requirements as other Chapter members (Article IX, Section 3); (3) the initiating Chapter must be the Chapter located most closely geographically to the neighboring institution; (4) the vote shall be based upon the recommendations of three faculty members, preferably members of UPE, at the neighboring institution.

SECTION 4. The election of all members shall be by a secret ballot.

SECTION 5. Alumni of an institution who graduated before a Chapter of Upsilon Pi Epsilon was established and who would have been eligible for membership under provisions of Article V, Section 2; Article VIII, Section 2 and Article IX, Section 3, of this Constitution; had the Chapter existed prior to their graduation shall be eligible for election to membership, provided at the time of graduation their scholarship record meets the requirements of the above provisions and that at the time of their election they may be actively interested in and engaged in computer work.

(a) The election of any members nominated under this classification shall occur according to the procedure prescribed in Sections 3 and 4 of this Article. Such members shall pay the fees and be initiated according to the ritual as required of members elected while in residence.

A three-fourths majority of the Council shall be required for election of Honorary Membership.

SECTION 7. All members shall be notified at least three days in advance of meetings called for election of new members or of Chapter Officers, or for taking official action on important local business or voting on official proceedings from UPE Headquarters.

Should a Charter Member reside too far from the home Chapter or other Chapter location to make it possible for him/her to be initiated at a regular Chapter initiation, special arrangements for initiation in absentia may be made through the office of the Executive Director. In such case the initiate shall be required to sign his/her acceptance of formal membership in UPE and the candidate must certify that he/she has read the UPE Constitution. The signed acceptance shall be forwarded to the home Chapter for inclusion in the Chapter records.

(b) Honorary Members shall be initiated with due regard for their status.

SECTION 5. Any candidate who has met the requirements for membership and has been duly elected, but is financially unable at the time to pay the fees for initiation, shall be eligible for initiation at any future date; provided, however, that after his/her election, he/she shall have maintained a creditable record in scholarship or research in the Computing and Information Sciences. The Executive Council may in its judgment suspend the Charter of such a Chapter and shall present at the next regular Convention the complaint against the Chapter and the Chapter's reply. The Chapter shall have the right to be heard by the Convention and have its official delegate-member and other members plead its cause. The Charter of the Chapter may be suspended, or annulled, or restored to the Chapter by action of the Convention by a three-fourths vote, taken by roll-call, of those present and entitled to vote. At this time, the Convention shall either annul the Chapter's Charter, or restore the Charter to the Chapter with full rights and privileges.

(b) Suspension shall entail such penalties as are deemed appropriate by the Executive Council, subject to review by the next Convention.

SECTION 3. The methods of discipline of a member shall be by either suspension or expulsion.

SECTION 4.

(a) For continued and inexcusable absence from the meetings of the Chapter, for non-attendance to his/her assigned or elected duties to the Chapter, for moral delinquency, for inexcusable failure to meet his/her financial obligations to the Chapter, or for other just cause, after a fair trial and upon the recommendations of a majority of the active members of the Chapter, the Chapter may suspend a member.

(b) A member shall be suspended for a specified time, not to exceed one year. At the end of the time specified, the Chapter shall make recommendations to the Executive Council either to reinstate the member, or to expel him. The Executive Council shall then either reinstate or expel the member.

(c) A member may appeal his/her case from the decision of the Executive Council to the next regular Convention of UPE and the member shall have the right to be heard by the Convention and to plead his/her own cause. The action of the Convention shall be final.

SECTION 4. Amendments to the Constitution and Bylaws shall be reported by the Executive Council of UPE to each Chapter of UPE and shall then become the law of UPE.

ARTICLE XIV. At Large Chapters

SECTION 1. Composition of an At-Large Chapter
