The 2005-2006 proves to be another very active and productive year for both Chapters. We have created, developed and implemented fourteen events with great success. The main theme of these activities again is to promote and to help establish networking between students with academic, business and industry communities within and outside of the campus. The primary goal is to further expand and enrich students academic career beyond the classroom environment to help pave their professional career path in the future. To achieve this goal, we were able to receive support internally and externally. The WPUNJ SGA-CSS (Computer Science Society) joined the Chapters in edifice and implementation of all events. The offices of the Provost, and the Dean of College of Science and Health, and the Department of Computer Science provided strong support to each event. The Career Development Service once more rendered assistance to our Lecture series. Externally, we enjoyed endorsement and encouragement from our alumni, and leading computer science/IT industries and academics, in particular, UPE, ACM, IEEE, AT&T and IBM. Most of all, the success of these events is possible due to the relentless effort made by the officers of each three student society and chapters. Their hardworking and dedication to provide opportunity for other CS students to participate in extra-curricula activities are essential to our endeavor.

This report consists of description of each event as well as sample photos related to each activity. They are summarized below in chronological order:
Part I: Narratives:

1. 10/06/2005, Thursday, a field trip to attend the IEEE North Jersey Annual Symposium and Mini-show at Fairfield NJ was conducted,
   a. Description:
      The theme of the Symposium was on the development and trends in RF, Microwave and Military Communication. In addition to exhibits, students were required to attend at least three technical presentations by distinguished speakers. From the Event Reports they submitted, it is seen that they learned a great deal from all these presentations and exhibits. In addition, they were able to meet, mingle and get connected with members from the leading business and industrial concerns and professional organization reps, from Bell Labs/Lucent, BAE Systems, Agilent, The Mathworks, IEEE and ACM.
   b. Sample photos of the event are given in the photo attachment #1 and 2.

2. 10/10/05, Monday: 2005-2006 CS student Lecture series kicked off with Lecture #1
   a. Description of the event:
      The preparation for this lecture started in July 2005. Speakers of the lecture are Tom Mitchell and Kevin Cattell, two 1985 WPUNJ CS graduates and members of ACM. Both Tom and Kevin have been working at IBM for 20 years since they graduated from WPUNJ. The topic is on a survey of past 20 years in the Information Technology and how IBM and other industry organization have been contributing to this industry’s growth.” Topics related to job opportunity at IBM as well as other industrial concerns were also covered. About 25 attended this lecture.
   b. Photos related: Refer to attachment #3, 4, & 5.

3. 11/03/05, Thursday,
   a. Description:
      1) UPE Induction Ceremony: Form 12:40pm to 1:15pm, the Fall 2005 (36th) Chapter UPE Induction Ceremony was conducted.
      Four students were inducted. UPE officers conducted the ceremony. There were about 35 participants including inductees, family and friends, officers, graduating seniors, other students, faculty and administration.
      The UPE Chapter Officers are:
      Christopher Markson  President
      Robert Tavoularis  Vice President
      Andrew Russo  Treasurer
      Fatmata Davies  Secretary
      Four students were inducted:
      Denis Bjellquist  Davis Garnowski  Rebecca Schaffer  Edwin Torres
      Congratulatory messages to all inductees and UPE students were received from Board of Trustees, faculty, administration, ACM student chapter and family and friends of inductees. In particular, this year, we had an honor of the presence of Mr. Michael L. Jackson, a member of the WPUNJ Board of Trustees and President and CEO of Info-Tech Systems of Randolph NJ at this event.
Induction Ceremony, was followed by:

2) Conferring National UPE Honor cord to graduates:
   Mr. Michael Jackson, conferred a UPE honor cord to Andrew Russo, the only UPE January 2006 graduate. Mr. Jackson congratulated the inductees and encouraged them to continue their good work after graduation.

3) An Academic Achievement Award was conducted by UPE & ACM Chapters.
   Dr. John Najarian, Chair of the Computer Science Department presented the award to Andrew Russo for his excellence academic accomplishment, graduated with an over all GPA of 4.0

4) A Service Award was also conducted by UPE/ACM Chapters:
   Dr. Kevin Martus, The Director of Pre-Engineering Program and Professor of Physics and Chemistry presented the award to Andrew Russo for his outstanding service rendered to the Chapter.

4. 11/03/05, CS Student Lecture Series Lecture #2 was held
   a. Description of the Event:
      In response to the demand from students, the officers of the ACM Student Chapter decided to conduct a lecture entitled “The Reflection and Report on the 3/31/05 Field Trip to Columbia University, New York City”. The primary goal for the lecture is to share their experience of the trip with other students. The speakers are:
      Ted Chen, President
      Patricia Moore, Vice President and Treasurer
      Emmanuel Bakinahe, Secretary

      The Columbia visitation was planned and arranged by our distinguish CS 1999 graduate Megan Restuccia, the Program Manager of the Biochemistry Computing Center at Columbia University. Megan was also selected by Columbia University to become a student in the Executive MBA program at Columbia. She is an outstanding role model for our students. In addition to their lecture, the speakers from Columbia also distributed job opportunity list at Columbia via Megan. Student learned the computer systems at Columbia University, both in hardware and software including main frames.

8. March 22, 2006 Lecture #4 was successfully completed.
   a. Description of the project:
      Speaker was Dr. Gregg Vesonder, Head, AT&T Research Labs
      Dr. Vesonder has been instrumental in research and development of HCI (Human Computer Interface) in both theory and applications. There were about 20 students and faculty attended. Lecture involved students’ participation in creating realistic HCI systems. Students responded well. Assessment they wrote indicate their appreciation for the additional extra-curricula knowledge gained.
      Title of the lecture is: “Building Human Computer Systems”

10. 03/30/06 Award Ceremonies followed by Induction Ceremony:
   a. Description of the event:
      1) Conferring UPE Honor Cord
         Mr. Jackson conferred the UPE Honor cord to seven UPE graduating seniors:
         
         Christopher Markson
         Robert Tavoularis
         Fatmata Davies
         Rebecca Schaffer
         Christo Adamopoulos
         Nathan Mantell
         Anthony Stella

      2) Academic Excellence Award Ceremony:
         Dr. Steve Hahn, Associate Provost presented the Award to Christopher Markson who has earned an overall GPA of 4.0 since his freshman year. Dr. Hahn commended Chris for his exceptional achievement to graduate with a straight A record given to him from all professors not only in computer science but also in humanities, arts, science and social science etc.
